

Vibration Energy Harvester for WISE Project

Apollo ID: 23277
Datum: 22.4.2010
Typ produktu: G - funkční vzorek
Autoři: HADAŠ, Z.; JIRKŮ, T.; ONDRŮŠEK, Č.; SINGULE, V.

Popis a technické parametry

Vibration Energy Harvester is autonomous source of electrical energy which convert energy of vibration in aeronautic application into useful electrical energy for feeding of wireless thermal sensor in helicopter NH90 under WISE Project.

Vazba na projekt

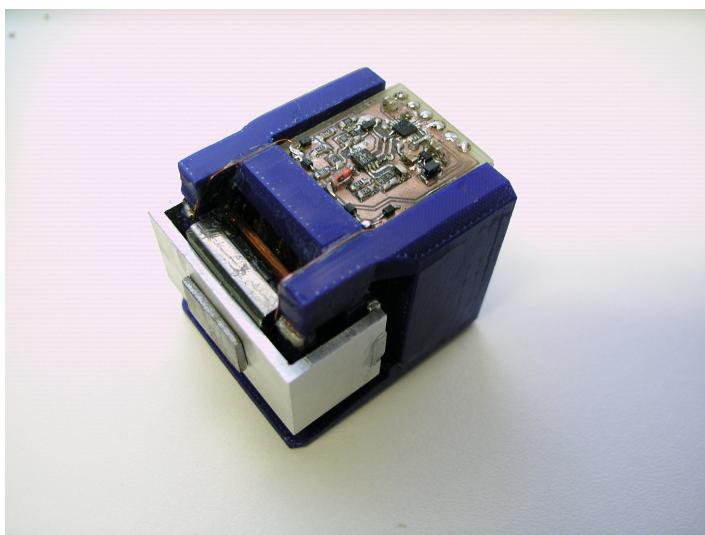

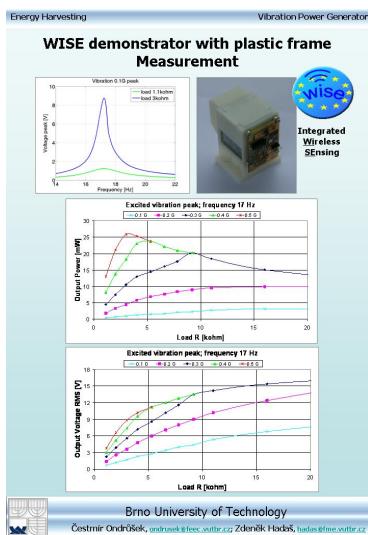

Simulační modelování mechatronických soustav - MSM0021630518

Umístění

TES Electronic Solutions - Djordje Simic: TES - Zettachring 8, 70567 Stuttgart, GERMANY
