

s01. Statics - recommendation

Notice:

This term belongs to **statics**, and you should be familiar with it already. If this is not your case, we recommend you a thorough study of statics.

However, similar interactive teaching materials are not yet available on the website of our faculty.

You can use e.g.

- “Statics and Mechanics of Materials”

- ”Engineering Mechanics: Statics”,

both by R.C. Hibbeler; you can find them e.g. on website www.amazon.com.
